

Basic Maths Course Outline

S. No.	TOPICS	SUB-TOPICS
CHAPTER-1	Numbers and Number System	Why do we need numbers?
		Types of numbers
		Representation of numbers on a number line
		Binary Number System
		Conversion: Decimal to Binary & viceversa
CHAPTER-2	Factorization of Numbers	What are the Factors of a number?
		HCF and LCM
		Even and Odd numbers
		Prime and Composite numbers
CHAPTER-3	Mathematical Computations	BODMAS Rule
		Power of a number and its roots
		What is Remainder, Dividend, Divisor, and Quotient?
CHAPTER-4	Number Series	Fibonacci Number Series
		What is factorial and how to compute it?
		Arithmetic Progression(AP) and Geometric Progression(GP)
CHAPTER-5	Sets	Venn Diagram
		Intersection, Union, Subset, Superset

		Set difference
		Systematic difference of a set
CHAPTER-6	Ratio and Proportion	Ratio Meaning
		Definition of Proportions
		Important Properties of Proportions
		Difference between Ratio and Proportions
CHAPTER-7	Percentage and Percentile	Why do we need a Percentage?
		How to calculate Percentage?
		What is Percentile?
		How to calculate Percentile?
		Difference/Use of Percentage and Percentile
CHAPTER-8	Profit and Loss	What is the Cost Price?
		What is the Selling Price?
		What is MRP?
		Profit and Loss
		Discount and Premium
		True Discount
		Annualized Growth Rate(AGR)
CHAPTER-9	Simple Interest and Compound Interest	What do you mean by Simple Interest?
		What is Compound Interest?
		Difference between SI and CI
CHAPTER-10	Perimeter and Surface Area	Triangle

		Circle
		Square
		Rectangle
CHAPTER-11	Volume	How to find the Volume of a Sphere?
		Cylinder
		Cone
		Cube
CHAPTER-12	Scalar and Vector Quantities	Definition of Scalar & Vector quantities
		Comparison of Scalar & Vector
		Characteristics of Vectors
CHAPTER-13	Algebra	Introduction to Algebra
		Solving basic equations & inequalities (one variable & linear)
		Two-variable linear equations
		Quadratic equations and their roots
CHAPTER-14	Matrices	Introduction to matrices
		Types of Matrices
		Operations on Matrices
		Transpose of a Matrix
		Symmetric and Skew Symmetric Matrices
CHAPTER-15	Permutation and Combination	Definition of Permutation and Combination
		Basic Formulas to calculate it

CHAPTER-16	Probability	Introduction to Probability
CHAPTER-17	Measures of Central Tendency	Mean
		Median
		Mode
CHAPTER-18	Basics of Statistics	Normal Distribution
		IQR (Inter Quartile Range)
		Outliers
		Standard Deviation
		Variance
